Agenda Item Summary

MEETING GROUP: Town Council
STAFF RESOURCE: Wilson Cochran
DEPARTMENT: Public Works
TYPE: Town Council Resolution
SUBJECT: Compact Track Loader Replacement Purchase

BACKGROUND:

The Bobcat Skid-Steer compact track loader currently in the Public Works Department’s vehicle fleet has reached the end of its serviceable life and requires replacement to maintain operational continuity and service reliability. It is unreliable, in disrepair, and 28 years old.

FISCAL IMPACT:

This vehicle replacement is included in the approved Fiscal Year 26 Capital budget for \$80,000. The purchase represents a planned capital expenditure that supports long-term financial sustainability by maintaining essential infrastructure assets. No additional funding is required beyond the approved budget allocation.

The low bid for a replacement compact track loader from Metro Bobcat, Inc., totals \$77,663.95, within the amount budgeted in the Enterprise Funds for this replacement under other equipment.

STRATEGIC PLAN ALIGNMENT:

This initiative directly supports multiple Strategic Plan goals:

Goal #2 - Operational Excellence: Ensures staff have the appropriate equipment and tools to efficiently provide quality work. The new vehicle will enhance service delivery capabilities and maintain high levels of customer service by preventing service disruptions.

Goal #1 - Good Governance: Demonstrates responsible stewardship of community resources through planned asset replacement and competitive procurement processes. The purchase maximizes public service value through cost-effective emergency response capabilities.

Goal #5 - Public Service Readiness: Maintains the systems and infrastructure needed to meet growing demand while supporting the health, safety, and wellness of residents through reliable utility services.

This purchase aligns with the Capital budget's systematic approach to infrastructure maintenance and replacement.

SUSTAINABILITY CONSIDERATIONS:

The new compact track loader will feature modern engine technology that provides improved fuel efficiency compared to the vehicle being replaced. The vehicle's enhanced reliability will reduce maintenance-related waste and extend service intervals.

The strategic replacement schedule prevents sudden equipment failures that could disrupt essential services and require emergency purchases at premium costs.

ADA CONSIDERATIONS:

The new compact track loader will be equipped with appropriate safety features and accessibility considerations for operators.

RECOMMENDED ACTION:

Adopt Resolution 26-12, "Public Works Department Compact Track Loader Purchase," authorizing the Town Manager to purchase one (1) Compact Track Loader from Metro Bobcat, Inc., of Forestville, Maryland, as reflected on the attached quote #LR1630376, dated Feb. 11, 2026.

WHEREAS, the Council of the Town of La Plata desires to provide the appropriate equipment and tools to facilitate the delivery of Town services; and

WHEREAS, the Fiscal Year 2026 Financial Plan/Budget includes funding out of the Town’s capital fund for the acquisition of replacement vehicles; and

WHEREAS, the Public Works Department staff researched various vehicle configurations/options; and

WHEREAS, Town Charter §C8-23 requires that all expenditures in excess of twenty thousand dollars (\$20,000), shall be advertised for sealed bids, except for expenditures which the Town Council, by ordinance, has determined are not subject to the sealed bid requirements; and

WHEREAS, the Town solicited bids via an open competitive bidding process consistent with Town procurement policies;

WHEREAS, Town staff evaluated all bids received and recommends that the Town purchase a T770 T4 Bobcat Compact Track Loader, with specifications as quoted by Metro Bobcat, Inc., of Forestville, Maryland, as the configuration and cost best meet the operational needs of the department; and

Resolution 26-12

WHEREAS, Town Staff believes the purpose and intent of Town Charter §C8-23 has been met.

NOW, THEREFORE, BE IT RESOLVED BY THE COUNCIL OF THE TOWN OF LA PLATA that Noel C. Stevens, the Town Manager, is hereby authorized to execute and deliver, on behalf of the Town of La Plata, a contract purchase agreement with Metro Bobcat, Inc., of Forestville, Maryland, for the purchase of a T770 T4 Bobcat Compact Track Loader, with specifications as quoted by Metro Bobcat, Inc., for a total expenditure of seventy-seven thousand six hundred sixty-three dollars and ninety-five cents (\$77,663.95).

Agenda Item Summary

MEETING GROUP: Town Council
STAFF RESOURCE: Michelle Miner, Asst. Town Manager
DEPARTMENT: Administration
TYPE: Town Council Resolution
SUBJECT: Guthrie Property Sewer Connection

BACKGROUND:

In May 2006, The Town entered into an agreement with the property owner at 9855 La Plata Parkway (previously 1010 Charles Street, David and Wilma Guthrie) to acquire fee simple easement interest in 6,238 square feet of their land off the north side of Charles Street.

The Town paid the Guthries the appraised value of \$8,200 and agreed to several other conditions. One of the conditions was that after construction of the parkway was complete, the Guthries were to be provided connections to the Town’s water and sewer systems at no cost or expense to them.

Excerpts from Preliminary Sewer Analysis prepared by Loiederman Soltesz Associates, Inc., prepared in October 2005:

“The proposed development of Heritage Green (now Pinegrove) will include the design of an on-site sewer trunk line, off-site sanitary sewer pump station, off-site force main, and a new off-site gravity sewer which will tie into an existing sanitary manhole at the Town of La Plata WWTP. This process will include decommissioning the existing Willow Lane and Meadows pump station (Phoenix Run), and redirecting their flow to the new Heritage Green pump station. By providing a new larger pump station, the existing pump stations which are undersized may be removed and have their current flows redirected safely through a more adequately sized system. Through this process, capacity will be made available along the sewer system on Charles Street and points west down to US Route 301. In addition, with construction of the new system, some of the Town’s current inflow and infiltration problems will be eliminated.”

“On-site sewage shall be conveyed along the edge of Clarks Run from north to south toward the new sanitary sewer pump station. Off-site easements will be required. The new off-site pump station will be located on the Town of La Plata property on

northeast corner of the proposed intersection of Heritage Green Boulevard and Charles Street.”

FISCAL IMPACT:

Consistent with the Town’s agreement with the property owners, the Town obtained two proposals to complete the sewer connection. A proposal from A & E Plumbing was received in the amount of \$49,080.00. A second proposal from Austins Dirtworks Excavating and Site Demo was received in the amount of \$37,271.00.

This expenditure was not included in the FY2026 adopted budget. Depending on the timing of the work and available appropriations within the current fiscal year, a budget amendment or year-end appropriation may be required to fund the project.

STRATEGIC PLAN ALIGNMENT:

By ensuring access to sewer services, protecting the environment, and providing reliable infrastructure this project supports Goal #5 of the Town’s 2022 Strategic Plan, Public Service Readiness: “Ensure adequate natural resource availability to meet usage demands by ensuring the future water supply needs of the Town can be met while preserving the long-term sustainability of shared groundwater resources”

Providing Town sewer service to the Guthrie property reduces reliance on older on-site septic systems and protects and preserves water quality, supporting Goal #4 of the Strategic Plan, Community Identity: “Protect environmental resources by maintaining policies to protect and preserve forest, open space, and wildlife.”.

SUSTAINABILITY CONSIDERATIONS:

At the Guthrie property, the sewer project promotes sustainability by providing efficient and environmentally protective sewer service, while supporting and minimizing long-term impacts to the site and surrounding watershed.

ADA CONSIDERATIONS:

Although the sewer construction at the Guthrie residence is primarily underground, ADA considerations focus on ensuring safe and accessible access for the residents during construction and for the permanent connection once completed. Key points include stable pathways, reachable service points, and restoration of property to accessible condition.

Agenda Item Summary

MEETING GROUP: Town Council
STAFF RESOURCE: Don Dooley
DEPARTMENT: Planning
TYPE: Discussion Item
SUBJECT: Proposed Centennial Plaque Program

BACKGROUND:

The Town of La Plata Zoning Ordinance recognizes nine buildings of local historical significance. To expand this effort, the Historic Preservation Commission (HPC) proposes the Centennial Plaque Program (“Program”) to formally recognize all buildings, structures, objects, and sites at least 100 years old. This initiative is included in the 2025–2030 HPC Work Plan. At its November 21, 2025, meeting, the HPC reviewed the draft Program and expressed its support. However, the HPC determined that all plaques be produced in bronze metal rather than aluminum due to its durability and the minimal cost difference between the metals. The estimated cost for each bronze plaque is \$349 in contrast to \$309 for an aluminum plaque. The Program limits approval to five plaques per fiscal year, subject to Town Council funding. Based on HPC direction, staff revised the draft Program accordingly and prepared a draft resolution for HPC adoption on January 16, 2026, recommending Town Council approval of the Program and its provisions. The HPC Resolution was adopted unanimously, as drafted.

DISCUSSION:

The Centennial Plaque Program represents another step toward preserving and promoting La Plata’s historical identity. The Program was developed by the Historic Preservation Commission (HPC) to formally recognize buildings, structures, objects, and sites that are at least 100 years old. These resources embody the earliest fabric of the Town’s history and contribute to its cultural heritage and sense of place. By highlighting these resources, the Program aims to foster community pride and encourage heritage tourism, which can also support local economic development.

The HPC began work on the Program in November 2025 through a dedicated subcommittee that collaborated with staff to outline key components of the Program. The Program includes clear eligibility criteria requiring documented proof that a resource is at least 100 years old, property owner consent for plaque installation, and ongoing maintenance of the plaque. Nominations may be submitted by property owners, the HPC, or the Town Council, provided the owner agrees to participate. To ensure quality and consistency, all plaques will remain the property of the Town and must be installed within 30 days of issuance.

During its November 21, 2025, meeting, the HPC reviewed the draft Program and expressed support for its provisions. The Commission recommended that all plaques be produced in bronze metal for durability and aesthetic appeal, noting that the cost difference compared to aluminum plaques was minimal. The estimated cost for each bronze plaque is \$349, and the program limits approvals to five plaques per fiscal year, subject to available funding in the Town's budget. Approximately 42 properties (23 residential and 19 commercial) are believed to qualify for recognition under the Program.

Staff subsequently revised the draft Program to reflect the Commission's recommendations and prepared a resolution for HPC adoption on January 16, 2026. The resolution recommends that the Town Council approve the Centennial Plaque Program and authorize its implementation, subject to Council funding each fiscal year. The HPC Resolution was approved unanimously.

FISCAL IMPACT:

Funding for the Centennial Plaque Program is contingent upon annual budget approval by the Town Council. The current estimated cost is \$349 per plaque, with installation costs borne by the property owner. Based on a maximum of five plaques approved annually by the Historic Preservation Commission (HPC), the projected annual fiscal impact would not exceed \$1,745, subject to appropriation. Actual expenditures may vary depending on the number of plaques approved.

STRATEGIC PLAN ALIGNMENT:

The Centennial Plaque Program supports the Town's Strategic Plan by promoting good governance, community engagement, and cultural preservation. By recognizing historic resources, the Program enhances La Plata's identity, encourages heritage tourism, and aligns long-term goals for sustainable growth and quality of life.

SUSTAINABILITY CONSIDERATIONS:

The Program contributes to community identity by engaging citizens and visitors through enhancement and communication of the Town's historic amenities. In turn, this promotes heritage tourism which facilitates economic prosperity to the Town as local businesses support the Town's tourism industry.

ADA CONSIDERATIONS:

Plaque placement will comply with all applicable ADA accessibility requirements by ensuring installation does not obstruct walkways or create hazards. The Program reinforces the Town's commitment to inclusive public spaces and equitable access to historical information.

TOWN OF LA PLATA
CENTENNIAL PLAQUE PROGRAM

March 10, 2026

A. Purpose:

To recognize buildings, structures, objects and sites that have been part of La Plata's history and heritage for 100 years or more. These enduring resources are tangible reminders of our Town's strength and resilience as a community that transcend generations. They contribute to the awareness, character, and appreciation of the Town's rich architectural and cultural heritage that fosters community pride and the Town's sense of place within the State of Maryland.

Historic plaques are a wonderful way to promote economic development, through heritage tourism, by educating the public about the remarkable and rich history of our Town and about the people and events often connected to the oldest buildings and places in La Plata.

B. Eligibility Criteria

Any, legal, property owner of a building, structure, object, or site ("resource") in the Town of La Plata may participate in the Centennial Plaque Program to receive an identification plaque for their resource, subject to the following criteria:

- 1) The resource must be documented to be at least 100 years old to the satisfaction of the La Plata Historic Preservation Commission.
- 2) The property owner or their designee shall identify through documented historic research, using any combination of public and private records, the original date or estimated date of the construction of the resource. For sites, the documentation shall demonstrate that it is principal location or place of an historic event that occurred at least 100 years ago in La Plata's history.
- 3) The resource was developed/constructed in the Town of La Plata. Resources that were moved into Town, after they were constructed, are ineligible unless they were moved into the Town and have remained in La Plata for at least 100 years.
- 4) The property owner consents to placing and retaining the plaque along the exterior of the resource in the most visible and/or accessible location for public view.
- 5) The plaque is to be maintained in good condition at all times by the property owner. Any damage made to the installed Centennial Plaque shall be repaired at the property owner's expense, within 90-days, unless waived by the Town of La Plata.
- 6) The La Plata Historic Preservation Commission shall approve all Centennial Plaques issued by the Town of La Plata.

- 7) All Centennial Plaques remain the property of the Town of La Plata.
- 8) Each property owner shall be responsible for installing the Centennial Plaque within 30 days of receiving it from the Town of La Plata. The property owner is responsible for any/all installation costs.
- 9) Employees and authorized agents from the Town of La Plata are authorized to inspect each, installed, Centennial Plaque during the Town's normal business hours.

C. Nominations for Centennial Plaques

- 1) Nominations of any building, structure, object, or site ("resource") for participation in the Centennial Plaque Program may be made by the legal property owner of the resource, their designee, the La Plata Town Council or the La Plata Historic Preservation Commission provided the property owner consents to the nomination and complies with the Eligibility Criteria in Section "B."
- 2) Each nomination for Centennial Plaque must be accompanied by a completed *Centennial Plaque Program Application*, signed by the legal property owner of the resource, on a form provided by the Town of La Plata.

D. Application Limits

No more than five Centennial Plaques may be authorized by the Town of La Plata each year. However, funding for the Centennial Plaque Program shall subject to available funding allocated in the Town's budget each fiscal year.

E. Production of Plaques

All plaques shall be produced for the Town of La Plata by qualified vendor(s) in compliance with Town's procurement policies.

F. Description of the Plaque

- 1) Each plaque will be approximately 5"x7."

DRAFT

TOWN OF LA PLATA

CENTENNIAL PLAQUE PROGRAM

JANUARY 16, 2026

A. Purpose:

To recognize buildings, structures, objects and sites that have been part of La's Plata's history and heritage for 100 years or more. These enduring resources are tangible reminders of our Town's strength and resilience as a community that transcend generations. They contribute to the awareness, character, and appreciation of the Town's rich architectural and cultural heritage that fosters community pride and the Town's sense of place within the State of Maryland.

Historic plaques are a wonderful way to promote economic development, through heritage tourism, by educating the public about the remarkable and rich history of our Town and about the people and events often connected to the oldest buildings and places in La Plata.

B. Eligibility Criteria

Any, legal, property owner of a building, structure, object, or site ("resource") in the Town of La Plata may participate in the Centennial Plaque Program to receive an identification plaque for their resource, subject to the following criteria:

- 1) The resource must be documented to be at least 100 years old to the satisfaction of the La Plata Historic Preservation Commission.
- 2) The property owner or their designee shall identify through documented historic research, using any combination of public and private records, the original date or estimated date of the construction of the resource. For sites, the documentation shall demonstrate that it is principal location or place of an historic event that occurred at least 100 years ago in La Plata's history.
- 3) The resource was developed/constructed in the Town of La Plata. Resources that were moved into Town, after they were constructed, are ineligible unless they were moved into the Town and have remained in La Plata for at least 100 years.
- 4) The property owner consents to placing and retaining the plaque along the exterior of the resource in the most visible and/or accessible location for public view.
- 5) The plaque is to be maintained in good condition at all times by the property owner. Any damage made to the installed Centennial Plaque shall be repaired at the property owner's expense, within 90-days, unless waived by the Town of La Plata.

- 6) The La Plata Historic Preservation Commission shall approve all Centennial Plaques issued by the Town of La Plata.
- 7) All Centennial Plaques remain the property of the Town of La Plata.
- 8) Each property owner shall be responsible for installing the Centennial Plaque within 30 days of receiving it from the Town of La Plata. The property owner is responsible for any/all installation costs.
- 9) Employees and authorized agents from the Town of La Plata are authorized to inspect each, installed, Centennial Plaque during the Town's normal business hours.

C. Nominations for Centennial Plaques

1) Nominations of any building, structure, object, or site ("resource") for participation in the Centennial Plaque Program may be made by the legal property owner of the resource, their designee, the La Plata Town Council or the La Plata Historic Preservation Commission provided the property owner consents to the nomination and complies with the Eligibility Criteria in Section "B."

2) Each nomination for Centennial Plaque must be accompanied by a completed *Centennial Plaque Program Application*, signed by the legal property owner of the resource, on a form provided by the Town of La Plata.

D. Application Limits

No more than five Centennial Plaques may be authorized by the Town of La Plata each year. However, funding for the Centennial Plaque Program shall subject to available funding allocated in the Town's budget each fiscal year.

E. Production of Plaques

All plaques shall be produced for the Town of La Plata by qualified vendor(s) in compliance with Town's procurement policies.

F. Description of the Plaque

- 1) Each plaque will be approximately 5"x7."
- 2) Plaques shall be produced in bronze metal.
- 3) All plaques shall be written in a "Copperplate" font style or as authorized by the Historic Preservation Commission.
- 4) Each Centennial Plaque shall display the resources' centennial date in the center of the plaque (i.e., "Built 1923"). The top of the plaque will read, "La Plata Historic Preservation Commission. The bottom of the plaque shall read, "Centennial Plaque Program."

HISTORIC PRESERVATION COMMISSION STAFF REPORT

DATE: January 16, 2026

TO: Honorable Chair and Members of the Historic Preservation Commission

FROM: Don Dooley, Director of Planning

SUBJECT Proposed Centennial Plaque Program

REQUEST: To create plaque program to recognize buildings, structures, objects, and sites that are at least 100 years in the Town of La Plata

BACKGROUND

At the November 21, 2025, Historic Preservation Commission Meeting, staff presented the draft "Centennial Plaque Program" for the Commission's review and comments. The Commission subsequently expressed support for the details of the Program. However, the Commission requested that all plaques be produced in bronze metal as the estimated cost for each bronze plaque is only \$349 and the Draft Centennial Plaque Program limits the approval of up to five plaques per fiscal year, subject to funding by the Town Council. Staff subsequently made this modification to the Draft Centennial Plaque Program under Section F(2).

Staff is now bringing forward the Draft Historic Preservation Commission Resolution for the Commission's adoption to recommend that the Town Council adopt the Centennial Plaque Program and its provisions.

DISCUSSION

Staff has no further comments on the Draft Centennial Plaque Program with the following exception. If the Commission desires to expedite Centennial Plaque Applications for review and approval by the Town, Sections B(1) and B(6) of the Draft Centennial Plaque Program could be revised to authorize the Planning Director, rather than the Historic Preservation Commission, to approve applications subject to meeting the proposed eligibility criteria in Section "B."

RECOMMENDATION

Staff recommends the Historic Preservation Commission adopt the attached resolution, recommending to the Town Council, approval of the Draft Centennial Plaque Program, as described in Attachment “1” of this report .

HISTORIC PRESERVATION COMMISSION STAFF REPORT

DATE: November 21, 2025

TO: Honorable Chair and Members of the Historic Preservation Commission

FROM: Don Dooley, Director of Planning

SUBJECT Proposed Centennial Plaque Program

REQUEST: To create plaque program to recognize buildings, structures, objects, and site that are at least 100 years in the Town of La Plata

BACKGROUND

In the past, the Town of La Plata has recognized and plaqued a few buildings and sites that have contributed to the Town's history. Building on this concept, Historic Preservation Commission determined it would be appropriate to recognize all buildings, structures, objects, and important sites that are at least 100 years old in the Town, as these resources represent the earliest fabric of the community's history. To accomplish this goal, a subcommittee was developed to create a "plaque program" to identify such resources Town. The project has also been added to the Historic Preservation Commission's Draft 2025-2030 Work Plan.

DISCUSSION

The HPC's "Plaque Program" Subcommittee met with staff in September and October 2025, to develop the details for a plaquing program to recognize all buildings, structures, objects and important sites ("resources") in the Town that are at least 100 years old. The program has been dubbed the "Centennial Plaque Program" ("Program") as it best conveys the purpose of the plaques for residents and visitors alike.

Attachment No.1 is the draft of the Centennial Plaque Program. It outlines the purpose of the program, the eligibility criteria, nomination criteria and other details. An example of what a Centennial Plaque would look like is also included.

The cost of each plaque has been estimated to be \$349 for a 10"x7" bronze style plaque or \$309 for an aluminum style plaque. Approximately 23 residential buildings and 19

commercial buildings in Town are believed to be at least 100 years as of 2025.

Based on the Commission's feedback on the draft Centennial Plaque Program details, staff will further revise the document accordingly.

RECOMMENDATION

Staff recommends the Historic Preservation Commission provide its feedback on the Centennial Plaque Program and direct staff accordingly.

It is with great pleasure that I present to you the proposed Fiscal Year (FY) 2027 (July 1, 2026 – June 30, 2027) Budget & Capital Improvement Plan for the Town of La Plata. This budget includes the Town's General Fund and Enterprise Funds with appropriated funds for both operating and capital projects. The proposed General Fund Budget for FY 2027 equals \$22,019,502, representing an increase over the FY 2026 budget of \$3,609,603, or 19.61%. The proposed Enterprise Funds Budget for FY 2027 equals \$21,914,744, reflecting the Town's continued commitment to infrastructure investment across its sanitation, water, sewer, and stormwater operations.

A Balanced Budget

In accordance with the Town Charter C8-5, this budget is balanced: the “total of the anticipated revenues shall equal or exceed the total of the proposed expenditures”. It is important to note that fund balance appropriations in each of the major funds are applied exclusively to capital expenditures—no fund balance is being used to cover operating expenses in any fund. The Town is living within its means.

This proposed budget does not include a tax increase. The real property tax rate remains unchanged from the prior year. For the enterprise funds, a 4% rate increase is proposed for the sanitation, water, and sewer funds to address rising operational and capital costs. No rate increase is proposed for the stormwater fund.

Overview of the FY 2027 Proposed Budget

The FY 2027 proposed budget reflects the Town Council's budget guidance provided to staff in December 2025 and fully incorporates the Reserve Fund Policy adopted by the Town Council in January 2026. Consistent with that policy, this budget includes the re-assignment of general fund balance to formally established reserves, strengthening the Town's long-term financial position and ensuring appropriate resources are available for emergencies, economic downturns, technology needs, and contingencies.

The proposed budget maintains all existing service levels without recommending reductions to any Town program or service. It is a budget built on fiscal discipline, strategic investment, and a continued commitment to the residents and businesses of La Plata.

General Fund

The proposed General Fund Budget totals \$22,019,502. General Fund revenues are projected at \$18,415,884, an increase of \$1,171,875, or 6.80%, over the FY 2026 budget. Local tax revenue remains the largest single revenue source at \$11,565,750, representing approximately 62.8% of total revenues. Intergovernmental revenues, including Highway User Revenue and other state and federal sources, are projected at \$3,795,892.

The proposed operating budget totals \$16,698,810, with Public Safety representing the largest functional share at 36.8%, followed by General Government at 25.0%, Public Works at 14.5%, Parks, Recreation & Culture at 4.1%, and debt and transfers at 19.4%. Capital outlay within the General Fund totals \$5,320,692, directed toward priority infrastructure and facilities investments described below.

Investment in Our Workforce

This budget reflects a strong commitment to the Town's most valuable asset—its employees. The following workforce investments are proposed:

Market Increase. A 3.7% market rate increase is proposed for all Town employees, recognizing the competitive regional labor environment and the importance of attracting and retaining qualified public servants.

Law Enforcement Officers' Pension System (LEOPS). This budget proposes the transition of La Plata Police Department sworn officers to the Law Enforcement Officers' Pension System. LEOPS provides a benefit structure more competitive with neighboring jurisdictions and is an important step in strengthening officer recruitment and retention for the La Plata Police Department.

New Positions. The budget includes requests for several key new positions to address growing operational demands. These include a Town Engineer to support the Town's expanding infrastructure program, an administrative assistant for the La Plata Police Department to enhance operational capacity, and a new crew leader at the Wastewater Treatment Plant—a position that will enable the establishment of a second operational shift and improve the reliability and responsiveness of this critical facility.

Employee Recognition Program. This budget introduces a new recognition program for long-serving Town employees, formally honoring the dedication of staff who have made lasting contributions to our community.

Leave Sell-Back Program. A new leave sell-back program is also proposed, providing employees with an additional financial benefit and a practical mechanism for managing accumulated leave balances.

Investment in Infrastructure

The FY 2027 proposed budget reflects the Town's continued commitment to responsible stewardship of its public infrastructure. The Capital Improvement Plan encompasses investments across the General Fund and Enterprise Funds in support of transportation, public facilities, and utility systems.

General Fund capital highlights include the La Plata Bikeway (\$1,299,600 in FY27 toward a \$3.249 million total project), extending the shared-use pathway network from Milton Somers Middle School to Rosewick Road; continued street paving (\$796,292) in accordance with the Town's annual road condition review; and vehicle replacements for Police and Public Works (\$350,000).

Enterprise Fund capital investments focus on the long-term reliability and capacity of the Town's utility infrastructure. Significant projects include a New Tertiary Tank at the Wastewater Treatment Plant (\$1,250,000 in FY27 toward a \$3 million total project), advancing the multi-phase effort to increase plant capacity from 1.5 MGD to 2.0 MGD; a WWTP SCADA Hardware and Software Upgrade (\$250,000) to modernize aging control and monitoring systems; a water main connection at Tilghman Lake (\$1,000,000) to improve system resiliency and support the County water interconnection; Five Pump Station Rehabilitations (\$1,800,000); and stormwater capital investments totaling over \$2 million, including Magnolia Gardens Stormwater improvements and continued MS4 permit compliance design and construction.

Enterprise Funds

The proposed Enterprise Fund budgets reflect the investment required to maintain, operate, and expand the Town's utility infrastructure in a responsible and sustainable manner.

The Sanitation Fund is proposed at \$2,597,807, an increase of approximately 5.1% over FY 2026, with revenues projected at \$2,547,807. The Water Fund is proposed at \$4,993,478, with revenues of \$1,885,796; the use of fund balance in this fund reflects significant capital investment in system improvements and the County water connection. The Sewer Fund is proposed at \$11,107,701, with revenues of \$5,953,119; the reduction in revenues from the prior year reflects the the USDA Loan received in FY26. The Stormwater Fund is proposed at \$3,215,758, with revenues of \$1,080,258; capital investment accounts for over 71% of stormwater expenditures as the Town continues to meet its MS4 permit obligations.

In all enterprise funds, fund balance appropriations are applied to capital expenditures only, consistent with sound utility financial management practices.

Conclusion

The FY 2027 proposed budget reflects the Town of La Plata's commitment to fiscal responsibility, responsive governance, and meaningful investment in the people and infrastructure that serve this community. It is a budget that lives within the Town's means—balanced without a tax increase, aligned with Council guidance, and structured to strengthen our long-term financial foundation.

I am grateful for the hard work and professionalism of the Town Treasurer, Department Directors, and staff who developed this budget, and I look forward to the Town Council's review and discussion.

Respectfully submitted,

Chuck Stevens, Town Manager, Town of La Plata, Maryland

The Finance Committee has completed its review of the proposed FY2027 budget and offers the following comments for Council's consideration.

The Committee finds that the FY2027 budget is structurally tight. While revenues and expenditures are balanced, there is limited flexibility within the operating framework to absorb unforeseen costs or to significantly advance long-term capital priorities. The Committee believes that a larger portion of recurring revenues should ultimately be directed toward supporting capital costs in order to strengthen long-term fiscal stability.

The current budget relies on an estimated .9% surplus of revenues to fund capital expenditures. While this approach may be manageable in the near term, the Committee does not view it as sustainable over the long term—particularly once unassigned fund balance is depleted and no longer available to support future capital improvements. Continued reliance on minimal operating surpluses could constrain the Town's ability to address infrastructure needs and maintain appropriate reserve levels.

The Committee finds that the revenue forecasts are responsible and reasonably projected based on available data. Overall, the proposed FY2027 budget is fiscally sustainable in the short term. However, maintaining long-term fiscal health will require continued monitoring of structural balance, strengthening recurring support for capital funding, and prudent management of fund balance.

The Finance Committee respectfully submits these observations to Council for consideration.

Strategic Plan

Created 2022

Vision

The Town of La Plata is an inclusive model of local government for community safety, health, amenities, and financial stability that benefits all residents for generations to come.

Value Proposition

La Plata is a thriving community that preserves its charm and natural resources.

Mission

In partnership with the community, La Plata provides a cost-effective system of government for public services. We implement industry best practices and innovative ideas to be known as a cultural hub that respects its strong heritage, encourages economic growth, facilitates a safe environment for a diverse community, enhances quality of life, and protects its natural resources.

Core Values

Council Members Left to Right:
James Goldsmith, Matthew Decker-Trollinger, Mayor Jeannine James, Evalyne Louise Bryant-Ward, and David Jenkins

The values we commit to our community and each other as our four foundational pillars

Community Engagement & Citizenship

By serving as responsible stewards, we promote opportunities for our residents to see reward in giving back and help them become involved as good neighbors.

Accountability

Through a foundation built on transparency, we are answerable to each other and our community.

Respect

We earn respect by building trust through actions and conducting ourselves with integrity and professional decorum.

Equity

By engaging with the community, listening to citizens, evaluating their concerns, and addressing needs, we model our commitment to one another.

GOALS

#1

Good Governance

We will serve as responsible stewards of community trust in making decisions to maximize public service value to our residents.

#2

Operational Excellence

Retain professional staff with the appropriate education, facilities, equipment, tools, and technology to efficiently provide quality work with a sense of pride.

#3

Economic Prosperity

Develop an economic base in La Plata that offers desirable careers and supports high standards of living for residents now and into the future.

#4

Community Identity

Engage citizens and visitors through enhancement and communication of amenities, programs, and events hosted in La Plata.

#5

Public Service Readiness

Plan and develop the systems and infrastructure needed to meet growing demand, while supporting the health, safety, and wellness of residents and natural resources.

Ensure fair and transparent decision making processes by following established procedures. Our success will be measured by:

- Regularly assessing plans and policies to ensure their creation follows set protocol.
- Maintaining and enforcing existing plans and policies.
- Reviewing best practices to strengthen the downtown core and maintain the small town character of La Plata.
- Surveying permit applicants to gain information on how we can improve effectiveness and efficiency in our permitting process.
- Work with Planning & Zoning and Director of Legislative Services to determine the needed frequency and appropriate measures of ordinance reviews to establish standards.
- Continue to link Comprehensive Plan to the staff reports and proposed items for permitting and decision making.
- Conduct semi-annual employee surveys for internal accountability.

Promote citizen engagement by creating policies and programs that encourage participation by a wide audience of races, ethnicities, and backgrounds. Our success will be measured by:

- Analyze community population diversity data to ensure employee base is representative of resident demographics.
- Work creatively to hire and attract quality candidates from an expanded pool of applicants to incrementally increase diversity in the workforce.
- Focus on expanding town programs for music, food, entertainment, the arts, and recreation to appeal to a larger audience.

Manage all assets as a responsible fiduciary. Ensure funds are available for providing quality services in an equitable manner and our infrastructure is maintained now and in the future by prioritizing long-term financial sustainability over short-term tasks.

- Regularly assess:
The Town's annual budget process,
Five-year capital improvement plan, and
Financial forecasting.

Assess community needs and desires by seeking community input and feedback through:

- Regular program interactions,
- Identifying sources of regular citizen satisfaction data, including citizen surveys,
- An improved and interactive website, and
- Other outreach efforts.

We will serve as responsible stewards of community trust in making decisions to maximize public service value to our residents.

Operational Excellence

Consistently offer services that meet or exceed reasonable expectations by maintaining high levels of customer service in day-to-day interactions.

- Ensure that staff have the tools, training, and resources needed to do their jobs well.
- Set clear expectations.
- Communicate with staff on performance status throughout the year.
- Conduct real-time counseling, frequent check ins, and constructive feedback that culminates in employees' ability to positively impact their annual performance reviews.

Enhance community programs and services by strengthening services and programs with adequate staffing and technical expertise.

- Regularly assess staffing levels and position placement effectiveness.
- Evaluate areas of improvement in services, programs, and technical expertise as part of annual budget process.

Employ a staff of engaged professionals by encouraging continuous learning with opportunities for employee growth.

- Define opportunities by establishing and following clear career succession plans.
- Recommend and offer continuing education opportunities for staff to advance their careers.

Retain high quality and committed employees by promoting a level of work/life effectiveness appropriate to keep excellent employees across the organization.

- Explore options for employee engagement to maintain high employee satisfaction ratings as measured through employee outreach efforts.
- Encourage individualized "work and life effectiveness" to allow staff be focused whether at home or in their work over "work and life balance: that tends to take from one aspect or the other.
- Monitor employee turnover.
- Learn about and analyze possible areas of improvement by assessment of employment separation surveys.

Leverage the use of technology to enhance efficiency, productivity, and service delivery by researching, encouraging, and developing the deployment of effective technology.

- Monitor technological advancements and effectiveness.
- Weigh options of industry practices and trends for best use of resources.

Retain professional staff with the appropriate education, facilities, equipment, tools, and technology to efficiently provide quality work with a sense of pride.

Provide a variety of housing stock availability for a wide audience of interested parties by promote zoning that attracts development to fulfill the needs of a diverse socioeconomic population. We will ensure zoning and lot sizes are conducive to attract residential developers, for housing stock that is consistent with the comprehensive plan.

Strategically grow the geographic property and economic tax base with a balance of residential, commercial, and industrial growth. La Plata will expand its boundaries when and where there is a clear net economic and/or environmental benefit to doing so, and only when supported by adequate public facilities.

- Recognize the need for commercial, industrial, and entrepreneurial growth.
- Develop a relationship with the County to provide incentives that attract a targeted audience of developers.
- Create tax incentives for land use options.
- Assess and monitor annexation requests to ensure an economic and/or environmental benefit for a net positive economic impact to the Town.

Create a dynamic, mixed use downtown area that is inviting for businesses, residents and visitors. We will focus the town's efforts on the downtown core to demonstrate public investment and to attract private capital. We will encourage high tech and light manufacturing industry to locate in the La Plata area.

- Create and identify funding opportunities to promote the downtown core.
- Measure net gain in annual business retention, with goal of an increasing it over time.
- Define role and structure of Economic Development to encourage commercial activity.
- Provide funding for Economic Development.

Promote a business-friendly community that promotes attractive job opportunities for a sustainable economic base. Collaborate with and promote small businesses to better understand their needs and identify opportunities for growth.

- Identify reliable and consistent sources for data on business owners' satisfaction.
- Research, develop, and deploy creative ways to promote local businesses.
- Draft a program for business outreach.

Develop an economic base in La Plata that offers desirable careers and supports high standards of living for residents now and into the future.

Community Identity

Define the Town image by determining the current image perception as a baseline. This will be achieved by incorporating Town image questions as part of citizen survey.

Protect environmental resources by maintaining policies to protect and preserve forest, open space, and wildlife.

- Develop ordinances that promote safety and environmental protection.
- Develop and maintain a list of open-space and recreation areas.

Create, promote, and maintain community amenities. New development areas will reflect the principles of walkability, sustainability, and environmental protection.

- Regularly assess new development areas and reassess current development.
- Improve walkability routes by interconnecting the downtown to future and existing neighborhoods and commercial centers.
- Enter walk/hike trails into GIS.

Become a regional destination for visitors by enhancing the downtown core with business services, small shops, a park-like environment, trees, clean streets, sidewalks, and other features that make it a pleasing and vibrant destination.

- Promote proximity to DC, mountains, beaches, military installations.
- Plan for a rail trail in Southern La Plata once the electric utility closes.
- Promote land use conversion to attract visitors.

Offer events and programs that meet the needs and interests of the community by receiving community feedback on events and programs.

- Identify potential sources of data gathering on community event and program satisfaction.
- Plan, develop, schedule, and promote improved programs that meet citizen expectations.

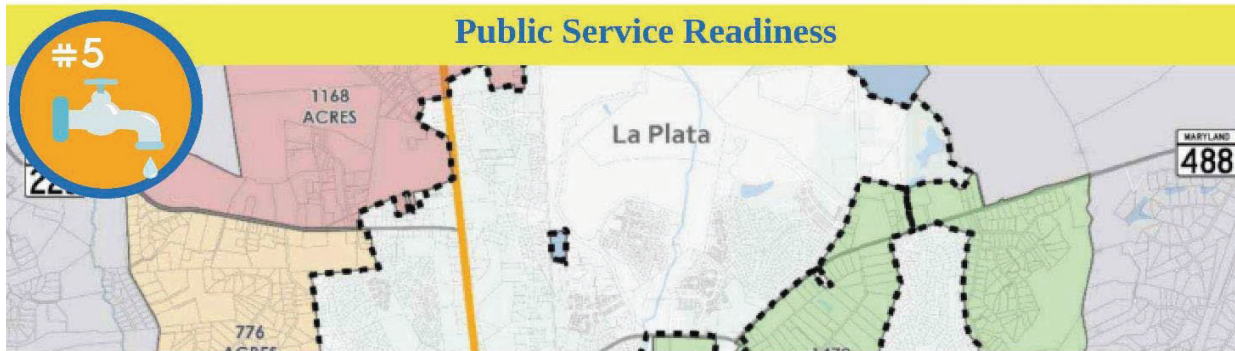

Increase awareness of activities and opportunities for public engagement and collaboration by expanding social media use, website access, and/public participation platform interactions.

- Track data analytics on social media performance.

Engage citizens and visitors through enhancement and communication of amenities, programs, and events hosted in La Plata.

Ensure adequate natural resource availability to meet usage demands by ensuring the future water supply needs of the Town can be met while preserving the long-term sustainability of shared groundwater resources.

- Track water access to ensure availability exceeds demand.
- Secure adequate water appropriations through relationship with the State of Maryland and Charles County.

Use the Towns' guiding documents to plan and provide for current/future infrastructure needs. Plan upgrades and enhancements to the Town's infrastructure to ensure that growth and development can be accommodated.

- Annually review and update capital improvement plan.
- Measure capital projects for return on investment (ROI) where applicable.
- Track status and progress of projections.

Evaluate, enhance, and promote community educational opportunities to encourage safety and preparedness. Enhance and expand community information sharing for educational programs on health, safety, and self-sufficiency.

- Promote communication of civil service resources via social media newsletter and special events.
- Create citizens academy to explain municipal services through direct interaction.

Ensure adequate funding is available to expand necessary infrastructure by performing an outside review of the Town's Major Facility Fee.

- Analyze the review results to ensure the amount of the Major Facility Fee can equitably assess the cost of water and sewer infrastructure needed to provide services to new customers.
- Annually assess this fee as a part of the budget process using the methodology used in the outside review.

Plan and develop the systems and infrastructure needed to meet growing demand, while supporting the health, safety, and wellness of residents and natural resources.

Buildings and Facilities

Capital Improvement/Asset/Project	Useful Life (Yrs)	Est. Yr. Complete	Fund	Department	Funding Source	FY27 Budget	Total Project	Strategic/Comprehensive Plan Goal	Description	Operating Budget Impact
Dorchester Community Center	40	2028	1	Facilities	State Grant \$1,250,000 Pending Project Reserve \$100,000 Fund Balance \$450,000	\$1,250,000	\$1,800,000	GOAL #30, Action 1: Meet identified facilities needs especially for indoor recreation and sports fitness, walking and swimming, and programming for youth, elderly and disabled residents.	The Dorchester Community Center would provide a safe haven for local youth, while providing a place for children and youth to gather for assistance with homework, life skills, and other trainings. The center could also be used for seniors or other groups of residents.	No significant impact anticipated, but there could be an increase in utilities with more use of the facility
Rehab old PW Bldg	N/A	2027	1	Facilities	Fund Balance	\$150,000	\$150,000	This aligns with the goal of providing for future infrastructure needs. The Utilities section has outgrown its current space and with new growth it will need to expand to keep up.	The old PW building is in disrepair and can only be used for storage. We would like to rehab it for the Utilities section to use for inventory storage and office space.	No significant impact anticipated

No significant impact anticipated, but should reduce some maintenance costs such as wood chip filling
Silver Linden Park - New Equipment	15	2027	1	Public Works	Fund Balance	\$450,000	\$450,000	Community playground improvement - Strategic Plan Goal 29 / Action 7 (enhance existing parks and recreation areas)	New playground equipment to promote improved safety and overall Park aesthetic	No significant impact anticipated, but could reduce current maintenance costs
La Plata Bikeway	20	2028	1	Public Works	MDOT Bikeways Program \$525,000 MDOT Transportation Alt. Program \$2,300,000 Safe Streets for All \$135,000 Charles County \$175,000 Reimbursement Unassigned Fund Balance \$114,000	\$1,299,600	\$3,249,000	Continue to make La Plata a very walkable community (Comp Plan., P.59); Encourage programs and projects that connect residents to the town's natural resources (Comp Plan., P. 11)	This project will construct a 10' shared use pathway from Milton Somers Middle School to Rosewick Road via Willow Lane, MD 6, MD 488, and Radio Station Road.	Normal maintenance is estimated at \$1,000 annually

Intangible (Studies and Planning)

Capital Improvement/Asset/Project	Useful Life (Yrs)	Est. Yr. Complete	Managing Fund	Department	Funding Source	Budget	Total Project	Strategic/Comprehensive Plan Goal	Description	Operating Budget Impact
Budgeting System Implementation	N/A	2027	1	Finance	Fund Balance	\$35,000	\$35,000	Strategic Goals - Good Governance, Operational Excellence, and Community Identity. Supports goal 21 of the Comprehensive Plan - Establish a Capital Improvement Plan to guide town's infrastructure investment.	A comprehensive budgeting platform to enhance departmental budget preparation, improve capital budget and capital improvement planning, expand analysis and forecasting capabilities, and provide an interactive public-facing budget component.	On going expenditure for licenses are estimated to be \$35,000 in the first year with subscent increases for each following year.
CODY Upgrade	10	2027	1	Police	Fund Balance	\$9,800	\$9,800	Goals 2 & 5. Resources for effective delivery of services	One time implementation fee to upgrade the current on-site based report management system (RMS) to a web-based version, eliminating extra paid modules and bringing the PD's reporting capabilities up to standards.	Once implemented, the cost will be \$10,000 more per year for the licensing and support than the current outdated version.
Compensation Study	5	2027	1	HR	Fund Balance	\$60,000	\$60,000			
Land-Use Fiscal Analysis by Matrix Consulting	4	2027	1	Planning	Fund Balance	\$90,000	\$90,000	Strategic Goals - Good Governance and Economic Prosperity.	To determine if the current land-use zoning in the Town is revenue positive, neutral or negative.	No significant impact anticipated
Neighborhood Traffic Calming		2027	1	Planning	USDOT Grant (SS4A) \$92,000 Pending Fund Balance \$23,000	\$115,000	\$115,000	Goal 16 - Continue to make La Plata a very walkable community.	In response to community concerns and unsafe conditions, there needs to a process and funding mechanism to install traffic calming devices. This project will design and implement neighborhood traffic calming at locations throughout La Plata.	No significant impact anticipated

Capital Equipment

Capital Improvement/Asset/Project	Useful Life (Yrs)	Est. Yr. Complete	Fund	Department	Funding Source	Budget	Total Project	Strategic/Comprehensive Plan Goal	Description	Operating Budget Impact
FY27 Install AMI tower / collector unit at hickory	10	2027	84	Water	Fund Balance	\$25,000	\$25,000		The current collector is attached to a low pole and being obstructed by foliage. During the PS removal project, we will install a tower and mount a multi-network collector for better data collection results in this area. Meters currently routed to existing collector unable to transmit data effectively. Installation of high mounted MNT collector will improve data collection results for increased quarterly billing reading efficiency and promote on-going AMI system health	
WWTP SCADA Hardware and Software Upgrade	7	2027	82	WWTP	Fund Balance	\$250,000	\$250,000	GOAL #10: Plan upgrades and enhancements to the Town's wastewater infrastructure to ensure that growth and development can be accommodated within the Chesapeake Bay Restoration framework.	Aging SCADA systems need to be upgraded to maintain reliability and security.	None

Sewer & Water Infrastructure

Capital Improvement/Asset/Project	Useful Life (Yrs)	Est. Yr. Complete	Fund	Department	Funding Source	Budget	Total Project	Strategic/Comprehensive Plan Goal	Description	Operating Budget Impact
Module #2 Upgrade / Rehab	20	2030	82	WWTP	Major Facility Fee Fund	\$50,000	\$5,000,000	GOAL #10: Plan upgrades and enhancements to the Town's wastewater infrastructure to ensure that growth and development can be accommodated within the Chesapeake Bay Restoration framework.	Design Phase of Major Project 3/7 to increase WWTP capacity from 1.5 MGD to 2.0 MGD. Tank is over 50 years old at this point and in need of repairs. This project is similar in scope to the upgrade to MOD 1	No significant impact anticipated
New Tertiary Tank	20	2028	82	WWTP	Major Facility Fee Fund	\$1,250,000	\$3,000,000	GOAL #10: Plan upgrades and enhancements to the Town's wastewater infrastructure to ensure that growth and development can be accommodated within the Chesapeake Bay Restoration framework.	Major Project 1/7 to increase WWTP capacity at plant from 1.5 MGD to 2.0 MGD. The tertiary clarifier tank is part of the plants process that helps in the removal of nutrients in the waste water.	No significant impact anticipated

12" Effluent Water Line & SWQuad Forcemain	20	2028	82	Sewer	Major Facility Fee Fund	\$1,000,000	\$2,000,000	GOAL #10: Plan upgrades and enhancements to the Town's wastewater infrastructure to ensure that growth and development can be accommodated within the Chesapeake Bay Restoration framework.	SW Quad pump station was installed in 2024. To fully accommodate the planned Stagecoach development a new larger force main must be installed that ties into the new 24" gravity sewer line along 301.	None
Kings Grant 1 pump station rehab	20	2027	82	Sewer	Fund Balance	\$500,000	\$500,000	GOAL #10: Plan upgrades and enhancements to the Town's wastewater infrastructure to ensure that growth and development can be accommodated within the Chesapeake Bay Restoration framework.	Sewer Pump station located on Cornwall Dr that handles roughly 360 EDU's worth of flow. Station is roughly 20 years old. Is a Smith and Loveless pump station with two pumps, controls, and a generator/transfer switch.	No significant impact anticipated
Remove hickory ridge pump station and install a Gravity Sewer Line	20	2027	82	Sewer	Fund Balance	\$500,000	\$500,000	GOAL #10: Plan upgrades and enhancements to the Town's wastewater infrastructure to ensure that growth and development can be accommodated within the Chesapeake Bay Restoration framework.	Pump station is over 30 years old and is approaching end of life. Instead of putting money into upgrading equipment/pump station we can remove the pump station and replace it with a gravity sewer line.	This would reduce maintenance and operations cost, essentially removing them.
Clarks Run 2 Pump station rehab	20	2027	82	Sewer	Fund Balance	\$150,000	\$150,000	GOAL #10: Plan upgrades and enhancements to the Town's wastewater infrastructure to ensure that growth and development can be accommodated within the Chesapeake Bay Restoration framework.	Pump station is over 40 years old and is need of major repairs/rehab. Currently is the oldest pump station in the collections system. Similar to how in 2024 other older pump stations were rehabbed to new systems.	Reduce maintenance and operations cost with newer equipment and controls.
Rosewick Pump station upgrade/rehab - 50k par	20	2027	82	Sewer	Fund Balance	\$150,000	\$150,000	GOAL #10: Plan upgrades and enhancements to the Town's wastewater infrastructure to ensure that growth and development can be accommodated within the Chesapeake Bay Restoration framework.	To accommodate growth this pump station needs to be upgraded. Partially funded by developers. Plan is to also paint wet well to prolong life of asset.	Reduce maintenance and operations cost with newer equipment and controls.

The Caroline Dr South BMP retrofit project will construct the retrofit changes to an existing BMP built in the 1980s and bring it to modern SWM water quality standards to include dam safety, ESD, riser replacement, outfall protection, and any other upgrades to meet current standards for SWM. The retrofit is needed to meet the Maryland 2018 Phase II NPDES permit requirement to reduce or treat 20% of the Town's untreated impervious surface. The project is treating 16.78 acres of that goal.	Ongoing maintenance costs will increase as more area (approx. 1.5x) will need to be mowed, trees/bushes removed, and fence maintenance will be needed.

Work to include upgrades to existing facilities to meet current standards SWM. The retrofits are projected to be needed to meet the as of yet unpublished 2030 Maryland NPDES permit requirements to reduce or treat an expected additional 10% of the Town's untreated impervious surface. Due to how recently these 8 BMPs were built, we are only getting 50% credit for each, which is why we went from 5 projects for 2025 to 9 projects for 2030.	Maintenance costs for increase for mowing, fencing, and vegetation plantings and trimmings.

Date Effective: March 10, 2026

A RESOLUTION concerning

Modernization of County and Municipal Revenue Sources

FOR the purpose of supporting Maryland General Assembly House Bill 1142 (HB1142), establishing a Task Force to Modernize County and Municipal Revenue Structures.

* * * * *

- 1
- 2 **WHEREAS**, the Town of La Plata provides essential frontline services to its residents,
- 3 including community planning, public safety, water and sewer infrastructure, sanitation, and
- 4 stormwater management, all of which rely on stable and diversified revenue streams; and
- 5
- 6 **WHEREAS**, municipal governments are facing unprecedented inflationary pressures
- 7 on construction materials, fuel, and labor, alongside increasing state-mandated costs,
- 8 making the need for modern and flexible revenue sources more urgent than ever; and
- 9
- 10 **WHEREAS**, Maryland’s municipalities are primary drivers of economic activity and
- 11 tourism in the State, yet the current tax structure fails to reinvest a fair share of the wealth
- 12 generated within municipal borders back into the local infrastructure that supports that very
- 13 growth; and
- 14
- 15 **WHEREAS**, Maryland is one of only six states that fails to share tax revenue from the
- 16 sale of goods or services with local governments or allow those governments to collect it
- 17 themselves, creating an over-reliance on property taxes; and
- 18
- 19 **WHEREAS**, the current local revenue structure in Maryland has not been
- 20 comprehensively updated in decades and does not reflect the modern shift toward a
- 21 service- and digital-based economy; and
- 22

Resolution 26-17

23 **WHEREAS**, the proposed Task Force would provide a data-driven, non-partisan
24 forum to study these inequities and recommend solutions that ensure municipal
25 governments can remain fiscally resilient without overburdening local property owners.
26

27 **NOW, THEREFORE, BE IT RESOLVED** by the Mayor and Council of the Town of La

Subj: Town Manager's Operational Report

Period Ending: February 28, 2026

Date Prepared: March 5, 2026

I. Town Manager's Update

The Town of La Plata has maintained sustained operational stability throughout the start of the 2026 calendar year, achieving several significant strategic milestones. During the month of February, Town departments demonstrated high levels of productivity, ensuring the uninterrupted delivery of core services while advancing critical planning documents and long-term infrastructure goals. Supported by strong organizational capacity and clearly defined strategic priorities, the Town remains well-positioned for continued success in the months ahead.

Strategic Initiatives Update

Substantial progress continued on key Council priorities throughout February, with several foundational phases for critical initiatives nearing completion:

- **Adequate Public Facilities Ordinance (APFO):** Following the completion of the first comprehensive draft in December, staff is actively integrating feedback from the development community, traffic engineers, land use agents, and other stakeholders to ensure the ordinance reflects industry best practices. Revisions addressing water, sewer, and school seats are currently being prepared, with the goal of presenting a final draft to the Planning Commission on April 7.
- **Fiscal Impact Analysis:** The formal study of the Town's land-use distribution is well underway following the January kickoff. Data collection and mapping analysis are scheduled for completion by the end of March, with fiscal impact modeling to commence in April. The project remains on schedule for completion by December 2026.
- **Facilities Master Plan:** Data collection is currently in progress, including the completion of facility questionnaires for Town assets. A detailed conditions assessment by a team of engineers and architects is scheduled for the week of March 9, focusing on structural

elements, mechanical systems, and site conditions to determine overall building ratings. This assessment remains on track for completion in January 2027.

- **Governance Documents:** The Town Attorney continues to refine drafts for the Rules of Procedure and Rules of Conduct to enhance municipal transparency and procedural clarity.
- **Charter Updates:** The Town Council formally adopted amendments regarding the salaries of the Mayor and Council, as well as the appointment of the Town Manager and Town Attorney, during the February 24 meeting. Legal guidance is currently being sought regarding the specialized drafting required for the "Resign to Run" amendment.

II. Departmental Operational Highlights

Human Resources

The department focused on talent management and regulatory compliance while navigating the aftermath of recent winter weather events.

- **Talent Management:** Recruitment efforts were successful in narrowing vacancies, with an offer extended for the Lead Cashier position at Town Hall and a new Wastewater Treatment Plant Operator in Training starting in early March. The Town currently manages four vacancies in Public Works and two in the Police Department.
- **Turnover and Labor:** The monthly turnover rate for February was 1.14%, reflecting one employee separation. Total overtime costs for the month were \$50,752.77, representing 1,327.28 hours; this includes significant coverage required for the January 26 snow event.
- **Administrative and Compliance:** Staff distributed the new Employee Handbook for acknowledgment, completed a benefits census for market review, and continued managing five workers' compensation claims stemming from the January snowstorm.

Public Safety (Police Department)

The Police Department balanced proactive enforcement with specialized investigations and community engagement.

- **Calls and Incident Volume:** Officers responded to 1,259 calls for service in February, generating 64 incident reports.
- **Enforcement and Crime Trends:** Traffic operations resulted in 172 stops and 384 school zone speed camera citations. Notable enforcement included the apprehension of a subject for online solicitation of a minor and a Narcotics Task Force seizure of 20 pounds of methamphetamine and 14 pounds of marijuana.
- **Personnel and Training:** One officer completed field training to become a solo patrol officer, and a promotion to the rank of Lieutenant was announced to command the

Special Operations Division. The department also successfully passed an audit for its investigative database.

- Community Engagement: Members assisted with the Special Olympics Maryland Winter Games and attended the local "Night to Shine" event.

Legislative Services

The Legislative Services Department provided essential support for governance activities and records transparency.

- Legislation: The department facilitated the adoption of two resolutions, including the Charter Amendment regarding the appointment and compensation of certain officials and the Historic Preservation Commission's five-year work plan.
- Public Information Act (PIA) Management: Staff managed eight PIA requests during the month, closing five of them by February 24.
- External Engagement: Representation was provided at the Southern Maryland Agricultural Resource Fair, and the Director completed a professional development capstone.
- Boards and Commissions: Vacancies persist on the Beautification Commission, Board of Appeals, Design Review Board, Finance Commission, and Planning Commission.

Planning & Code Enforcement

Permitting activity saw a significant increase as the department continued to coordinate major residential and institutional developments.

- Development and Permitting: The Town issued 180 total permits in February—more than double the previous month—including 18 for new residential attached dwellings and 14 for detached dwellings. Staff met with school district officials to refine site plans for the La Plata High School expansion, targeted for a summer construction start.
- Strategic Planning: The Planning Commission approved the Charles County Library Project on February 3. Additionally, work continued on a development implementation manual for the Pinegrove neighborhood to ensure uniform standards.
- Compliance and Inspections: The division removed 39 unpermitted signs and performed 13 rental inspections. Utility inspections were conducted for 21 joint cases with Code Enforcement.
- Stormwater/NPDES: Work is ongoing for the Fall 2025 Storm Box and Sidewalk maintenance, with sidewalk replacement currently underway. Staff is navigating easement refusals for the Quailwood Parkway retrofit project while pending schedules for the Redwood Lake rehabilitation.

Public Works and Utilities

The Public Works and Utilities teams focused on cold-weather infrastructure repairs and the advancement of key playground and utility upgrades.

- Sanitation and Streets: Staff completed 33 container deliveries and bulk pickup for 31 residents. Streets crews replaced six stop signs and performed snow plowing on February 22.
- Water Production and Distribution: Total flow was 30.06 MG. Crews addressed multiple leak repairs on Oriole Lane and managed the system through extreme cold that caused several frozen lines. Design for the MD Rt. 6 water line upgrade is approaching 90% completion.
- Sewer and WWTP: The plant reported an average daily flow of 1.40 MGD, managing high flows at the end of the month without effluent issues. SCADA database issues were addressed via an emergency purchase order, and maintenance was performed on four frozen chemical lines.
- Capital Projects: A public engagement session for the Wills Park Playground was held on February 25, with an equipment order anticipated for early March.
- AMI/GIS: The AMI system read rate improved to 94.37%. The GIS team met with SMECO to discuss collaborative data exchange during the upgrade of the Town's lighting infrastructure.
